CLEMENTINE (f) & son DASH (m)

microchip 900 012 000 719 466, microchip 900 164 000 000 326

Clementine is a gentle and friendly cat with a quirky little personality, who likes company and a little space to explore
Clementine is vaccinated, vet checked, flea/wormed, micro-chipped, de-sexed and has tested FIV negative.
Dash is a handsome short-haired black and white boy. Both are rather shy with people at first (Dash more so than his mother) Dash is vaccinated, vet checked, flea/wormed, micro-chipped and de-sexed

If they are not both adopted by the same person, they will probably do best as the only pet in the household.

To adopt one or both, please visit our website & download a Cat Match application form. For more information, ring David (02) 9693 5684, 7.30pm- 9pm mon-fri, 9am-9pm weekends
