

Foster Carers needed

You can help us to save more lives

Sydney Pet Rescue & Adoption

Do you know someone who would like some companionship, lives in a quiet household, and who could open their heart to a cat who just wants to be treated with a little kindness?

Do you have experience with timid cats and kittens? You can enjoy the rewarding experience which comes from fostering a rescue cat, giving them love and attention and seeing them come out of their shell and snuggle up with you for cuddles and pats?

We are urgently seeking new foster carers to join us, for short term, holiday care, or ongoing, for a number of gorgeous cats, some of whom are naturally outgoing and a few who are shy and just need a little extra kindness and patience.

If you are unable to adopt, this is a great way to help and is very fulfilling.

Please visit our website & download a Foster Carer application form.
